Allowable Subject Matter

Claims 2-5 and 10-12 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art fails to show or fairly suggest use of a TAB tape that includes an opening so that the wiring patterns on the tape extend through the tape and provide connection to the excitation electrodes of a piezoelectric vibrating reed. Likewise not shown or fairly suggested by the prior art is a TAB tape interposed in a package so that the excitation electrodes of the piezoelectric vibrating reed are interconnected to outer terminals of the package via the TAB tape's conductive wiring patterns and wherein the TAB tape includes mounting terminals on which the piezoelectric vibrating reed is mounted.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
